Re: In The Matter of the Concord Engineering Group, Inc. d/b/a Concord Energy Services For A Certificate to Provide Electric Supply Services within the State Of Delaware (Submitted: October 23, 2015) - PSC Docket No. 15-1484

Dear Ms. Davis,

On October 23, 2015, Concord Engineering Group, Inc. d/b/a Concord Energy Services ("Concord" or the "Company") submitted an application ("Application") with Delaware Public Service Commission (the "Commission") for certification to act as a Broker in the State of Delaware pursuant to §1012 of the Electric Utility Restructuring Act of 1999, 26 *Del. C.* §1001 - §1020 (the "Restructuring Act") and 26 *Del. Admin. C.* §3001, the Commission's Rules for Certification and Regulation of Electric Suppliers (the "Supplier Rules").¹

On January 19, 2016, Staff forwarded Concord a list of deficiencies that required additional documentation in order to fulfill the minimum filing requirements ("MFRs") in accordance with Section 2.4 of the Supplier Rules. A response date of February 19, 2016 was requested by Staff. February 9, 2016, response was received from the Company but the Application remained deficient. Staff communicated this deficiency with Donna Murray, Controller on February 11, 2016 via telephone. A final letter of deficiency was sent on February 19, 2016 with a response date of March 19, 2016 requested. To date, Staff has not received a response to satisfy the MFR's of this Application.

At this time, the Company's application as submitted October 23, 2015 has not satisfied the requirements under the Restructuring Act and Supplier Rules to receive certification in the state of Delaware. The above referenced docket is now closed and the Application of Concord Engineering Group, LLC for certification to broker electric supply services is considered abandoned. Should the Company decide to pursue certification in the future, a new filing and filing fee would be required.

¹ Unless otherwise noted, all references to capitalized terms are set forth in the Restructuring Act and/or the Supplier Rules.

Ms. Kristen Davis
